

Bill Review Service

Settle with Confidence

Most patients transitioning to self-directed healthcare purchasing are fearful of the high retail costs of these expenses. Providing your clients with Experea's audit expertise can go a long way towards preserving patient fund monies while also helping facilitate the settlement process. Experea Healthcare combines state-of-the-art technology and highly trained medical bill analysts to review each submitted charge. We ensure lower costs, help make funds go further, patients more confident, and in turn, their settlement decisions easier... and all for just a fraction of the savings.

- Guaranteed savings - significant savings over retail
- Accuracy ensured by automated fee schedule, network and database updates
- Flat rate fee for review services
- No contracts or commitments - patients have bill-by-bill freedom
- Rush reviews are processed within 24 hours
- All submitted bills reviewed for duplication, savings and fraud detection
- Easy to read reporting statements
- Automated fee schedule, networks and database updates ensuring accurate reviews

At Experea Healthcare we know patients face many difficult sacrifices, access to affordable supplies and services shouldn't be one of them. *That's the Experea difference.*

To help your clients settle with confidence order a supply of referral kits from an Experea Healthcare cost-containment specialist.
