

## Pharmacy Discount Service

### Decision Support

Helping clients decide on the right settlement for them is a difficult task. Enlisting outside expertise can go a long ways towards accelerating the settlement process while working to preserve patient fund monies. Experea Healthcare offers a discount program that also helps patients manage and control their post-settlement prescription expenditures and is especially designed for people with Medicare Set-Aside, Special Needs Trust or Medical Custodial Accounts. It's not just a discount; it's a solution, and the kind of solution that will help your clients feel supported in their settlement decision.

#### **Access:**

- Convenient and easy to use discount card
- Over 57,000 participating locations nationally
- Home delivery available
- Significant savings over retail, state fee schedules and average wholesale prices
- Preservation of funds to extend the use for patient care

#### **Control:**

- Coordination with physician office and fund for allowable prescriptions
- Extensive reporting to assist with managing the funds
- Detailed invoicing for review facilitation
- Designed with claimants, administrators, attorneys and case managers in mind

At Experea Healthcare we know patients face many difficult sacrifices, access to affordable prescriptions shouldn't be one of them. *That's the Experea difference.*

**To help your clients settle with confidence order a supply of referral kits from an Experea Healthcare cost-containment specialist.**
